

Requisition Letter

From

Mrs. S. Hemalatha, Co-Ordinator of YRC,
Department of S&H,
SSM Institute of Engineering and Technology,
Dindigul.

To

The Principal,
SSM Institute of Engineering and Technology,
Dindigul.

Respected Sir,

Sub: Requisition of conducting Tree adaptation and Sapling programme to nearby school on
15.10.2022 -reg.

As the Coordinator of YRC, I request your permission to conduct a Tree adaptation and Sapling programme in the nearby school. Student's participation is encouraged to create a greener and more sustainable future for ourselves and the generations to come. Student's participation in this program is not only a contribution to the environment but also a powerful statement about our commitment to addressing climate change.

Thank you.

School name: Govt. HSS, Muthunaickenpatty, Oddanchatram.

Date: 12.10.22

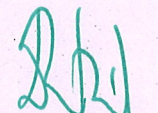

Place: Dindigul.

Program Co - Ordinator:

Mrs. S. Hemalatha, AP/ Mathematics 

Yours faithfully,

Principal

Dr.D.SENTHIL KUMARAN, M.E., Ph.D., (NUS)

Tree adaptation and Sapling programme

The Youth Red Cross (YRC) unit of SSMIET has been rendering yeoman service to the society. A tree adaptation and sapling programme was conducted by the YRC Co-Ordinator, Mrs. S. Hemalatha of SSMIET at Govt. HSS, Muthunaickenpatty, Oddanchatram on 15.10.22. The volunteers of Youth Red Cross (YRC) unit of SSMIET (50 students) participated in this programme. Around 50 saplings were planted and 50 saplings were distributed.

We, volunteers of Youth Red Cross (YRC) unit of SSMIET (50 students + 2 Faculty) have gone from our college bus at 9.30 a.m. and reached Govt. HSS, Muthunaickenpatty, Oddanchatram nearly 10.00 a.m. In the school, we have spent one hour for plantation. After finishing plantation refreshment has given to the volunteers.

We then discuss the varied adaptations of tree species to changing climate conditions such as seed resistance to environmental stress, improved by an increase in temperature, affinity to specific fungal symbionts, a wide range of tolerance to abiotic environmental conditions in the offspring of populations occurring in continental climate, and germination strategies closely linked to the ecological niche of the species. Finally, we reached the college at 12. 15 p.m

Program Co-Ordinator:
