Title of the Program	:	Blood Donation Camp
Organized by	:	The National Service Scheme (NSS) and Youth Red Cross (YRC) units of SSMIET
In association with	:	Dindigul Government Hospital and Dindigul Primary Health Centre, Kannivadi
Date	:	06.04.2026 (Monday)
Time	:	08.30 AM to 1.30 PM

REPORT ON BLOOD DONATION CAMP

Objective:

- To encourage voluntary blood donation among people.
- To raise awareness about the importance of blood donation.
- To help hospitals maintain an adequate blood supply.
- To promote a sense of social responsibility and community service.
- To ensure safe and healthy blood collection practices.

Target Audience:

- Faculty Members
- Bus Drivers
- Non-teaching staff
- Students

Palani Road, Dindigul - 624 002.

Inauguration:

The event commenced with a welcome address and inaugural remarks by Dr. D. Senthil Kumaran, Principal. This was followed by an address by Dr. R. Satheesh Babu, NSS Coordinator, who highlighted the importance of blood donation for all individuals and encouraged active participation.

Dr. S. Hemalatha, YRC Coordinator, emphasized that the program marks a significant step towards promoting health and well-being within the community. She expressed pride in the collaboration between the NSS, Youth Red Cross, Dindigul Government Hospital, and Dindigul Primary Health Centre, Kannivadi, and hoped that the initiative would inspire many others to contribute to the greater good of society.

The team of doctors, along with ten nurses, provided services to nearly 25 students and 5 faculty members (both teaching and non-teaching). The inauguration set a positive tone for the camp, motivating participants and ensuring the smooth conduct of the entire program.

Outcome:

The blood donation camp was successfully conducted with active participation from students and faculty members. A total of 30 donors contributed to the noble cause, helping to strengthen the blood reserves of nearby healthcare institutions. The camp not only supported medical needs but also created awareness about the importance of voluntary blood donation.

Participants gained a better understanding of the donation process and overcame common misconceptions and fears associated with it. The event fostered a spirit of social responsibility, unity, and service among all involved. Overall, the camp proved to be a meaningful initiative with a positive impact on both the donors and the community.

Conclusion:

The blood donation camp concluded on a successful and meaningful note, reflecting the strong commitment of the organizers and participants toward social welfare. The enthusiastic involvement of students and faculty highlighted the growing awareness and willingness to contribute to life-saving causes. The collaborative efforts of the NSS, Youth Red Cross, and medical teams ensured the smooth and safe execution of the camp. Such initiatives not only help in meeting urgent medical needs but also instill values of compassion, responsibility, and community service among individuals. The success of this camp encourages the organization of more such programs in the future.
