RESEARCH SUPPORT POLICIES

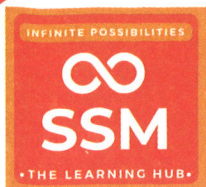

Policy and Guidelines

The aim of the research support policy is to create an environment that fosters a culture of research excellence, supports innovative inquiry, and encourages the advancement of knowledge and technology within the institution.

- ✓ Research coordinator(s) to provide information, guidance, and assistance to faculty and students in securing external grants, fellowships, and research funding from various sources, including government agencies, industry partners, and foundations.
- ✓ Faculty members are expected to undergo research activities like registering for Ph.D., quality publications, presentations in National/International conferences of repute, generation of research grants, and etc.
- ✓ Ensuring adherence to ethical standards, research integrity, and compliance with regulatory requirements and institutional policies for conducting research related activities.
- ✓ Facilitating collaborations with other higher education institutions, industry partners, and research organizations to foster joint research projects, knowledge exchange, and interdisciplinary research efforts.
- ✓ Recognizing and celebrating research achievements through awards, honors, or incentives to encourage and motivate faculty and students to engage in impactful research activities.
- ✓ Research output will be considered as one of the criteria for faculty recruitment and promotion along with other academic responsibilities.
- ✓ Institute provides 8 days per year as On Duty for research-related activities.
- ✓ Financial assistance is provided for supporting students' research projects.
- ✓ Institute provides research facilities in terms of laboratory equipment, research journals and research incentives, etc. required by the faculty.
