

Anti-Drug Club

The Anti-Drug Club is a proactive initiative aimed at creating awareness, preventing drug abuse, and promoting a healthy, drug-free lifestyle among our students. Students benefit from joining anti-drug clubs as they provide education on the risks of substance abuse, offer a supportive community to discuss concerns, promote advocacy for drug-free lifestyles, foster personal development through leadership and teamwork, contribute to prevention efforts via awareness campaigns, and empower students to influence their peers positively, thereby creating a healthy campus and community environment overall.

SAY NO TO DRUGS

The students are obtaining knowledge about drug addiction and various ways to prevent it through the club. On September 24, 2025, all the first-year students taken an anti-drug pledge. The students were urged by the Anti-Drug Club to keep spreading awareness and helping those who are in need. The event that was held on the day was a success, bringing together individuals from all walks of life united in their commitment to combating drug abuse. The event served as a tool of information so that could create a drug-free environment for current and future generations. As well as Campus Drive, a campaign was conducted on drug abuse. All over the campus anti-drug boards were installed, and cards & pamphlets were issued and posted in student gathering locations.

Students' Anti-Drug pledge on 24.09.25
