

# SSMIET'ians

FLOWER:1

PETAL:1

2011

## Message from Chairman

In the current scenario options and opportunities are in abundance, provided the students strive hard to learn and apply the concepts. SSMIET is keen that the students not only enrich their qualification and degree but also acquire training in the skill sets like writing, analyzing and researching. SSMIET'ian is one such venture of the institute to nurture creative minds to pen unique ideas and inputs on print.

Anyone can get B.E. degree after four years of academic rigour. If the candidate triumphs with extra skills, such as flair for writing, thinking and displaying his/her unique talents his/her career would be fabulous, as there is an acute shortage of multi-talented technocrats to-day. I am excited to see the launch of the newsletter 'SSMIETian' with an objective of nurturing versatile students in the campus.-

P.S. Velusamy,  
Chairman & Managing Trustee,  
SSM Group.

## Clusters of Creativity, Collaboration and Capability. Research Takes an Exciting New Direction

The college has embarked on a distinctive new approach to research and learning, to bring together teams of creative people to generate the ideas and innovation necessary to help solve some of the world's most complex and compelling challenges.

We call these dynamic, highly collaborative teams "research clusters". SSMIET aspires to witness a wide range of disciplines and departments and to stimulate young minds to sharpen research skills.

## GET INSPIRED

*The launch of the news letter witnesses a spark in the creative mind of the students and faculty of SSMIET and explore the latent potential and the quality of graduating engineers. SSMIET is determined to promote inventions, creativity, interesting quiz and general for knowledge domains of IQ development. We are sure, the fertile minds are prepared to share their views, opinions and research based articles to reach the local audience through the reader friendly newsletter in the subsequent issues.*

## Events

### Inaugural Function

‘Blooming of a rich and royal innovation  
Amidst a calm and pleasant environment!  
Favors the stimulation of mind and thought  
To bless the budding blossoms with delight’!

The Inaugural ceremony of SSMIET-Dindigul was celebrated with much enthusiasm and mirth on 24<sup>th</sup> august 2011.

The Managing Trustee, Secretary and all members of S.Chennimalai Gounder Charitable Trust, Campus Director, Principal, Dignitaries, Guests, Faculty members, Staff, Parents ,Students and all the well wishers of Dindigul and other neighboring districts participated and made the function a grand success by their gracious presence.

### Guest Lectures At SSMIET

#### Auto-World wide open for the youth:

A series of guest lectures are given by Shri. Saravanan, from Automobile Research Association,

Pune, specialist in Automobile Engineering on “Current scenario of auto-industry and career opportunities”.

He mentioned to the editorial team that,

“I am emotionally attached with the students of SSMIET when I understood that they are prepared to come and learn on any day and at any time with spirit and drive.”

Shri Angappan simplifies complicated issues:

The world gets modernized and digitized every now and then at a rapid rate. Our SSMIET'ians are always updated and stuffed with fresh ideas and newer technologies. Recently, we had Mr. Angappan from Mega Tech Instruments, Coimbatore to explain the concepts of handling the Electronic instruments in an easier way for our ECE students.

**Control mind; concentrate for better life- Das's way:**

We, at SSMIET not only concentrate on the academics of our young and emerging engineers, but also on their mental strength. After all, a person with sound mental health can excel in studies. So, a thought provoking lecture was arranged on “How to Control the Mind?” Shri. Shankadhari Das, Former Scientist, ISRO gave a practical session on 3<sup>rd</sup> November, 2011 at our college premises for our SSMIET'ians.

“Mind has got an un imaginable power to transform anything; at the same time the same mind can be devilish if not properly directed. SSMIET'ians are of the first category”. –Shri. Shankadhari Das.

## **Seminars Attended beyond SSMIET**

- Seminar on “REGIONAL SUMMIT ON QUALITY IN EDUCATION” organized by “Confederation of Indian Industries” at Hotel the Residency, Coimbatore- Shri. K. Sivaraj, Executive Director and Dr. R.Chandran, Campus Director- participated as delegates.
- Seminar on MATLAB SIMULINK sponsored core EL Technology at Hotel Gateway (Taj Group of Hotels) Prof. S. Dhamodharan, ECE.- participated as delegates.
- Inauguration of the centre of Excellence by Nehru group of institutions at Hotel Germanus –Dr. Chandran and Prof. S.Dhamodharan- participated as delegates.
- Seminar on “EMERGING TECHNOLOGIES IN LIBRARY AND INFORMATION SERVICES” at Gandhigram Rural University- Ms. K.Sudha, Librarian- participated as delegates.

# SSMIET'ians- cheers with your work

## IMMEMORABLE MOMENTS

- Most Irritating Moment : Morning alarms
- Most difficult task : Opening text books
- Most dreadful journey : Way to college
- Most lovely time : Meeting friends
- Most tragic : Test in First hour
- Most wonderful news : Teacher absent
- Most relaxing area : Class room
- Most funny moment : Teacher says a Joke and nobody laughs
- Tense moment : Mark sheet in hand
- Worst moment : Last day in the final year

P. Karthik Selvan  
Automobile.

## GOLDEN RULES

Before you speak, Listen.  
Before you write, Think!

Before you spend, Earn  
Before you invest, Investigate!

Before you criticize, Wait  
Before you pray, Forgive!

Before you retire, Save  
Before you die, Give.!

J. Kingslin Angela  
ECE

G.Suguna-ECE

## Wonder of God

Our body is 80% made of water,  
But, whenever it hurts blood comes out.....

Our heart is full of blood,  
But whenever it hurts water comes out.....

N. Kani Mozhi  
Civil

## Do you know what makes life miserable?

1. Power cut on the night before exam!
2. Enjoying a mokka movie with friends!
3. Caught by traffic policeman when you don't have license!
4. Nil balance in your phone when your beloved one gives you a missed call!

Life is beautiful..... Forget all worries... Live for these moments.....

T.G. Nirooba Mol  
ECE

D.Narmatha Devi- ECE

### A SENSEFUL STORY

A mechanic was removing the engine parts from a motorcycle.

He saw the famous heart surgeon in his shop. He called the surgeon and said... Look at this engine... I opened its heart, took the valves out, repaired and put them back. So why do I get such a small salary and you get such a huge sum....?

The doctor smiled at the mechanic and came close to him and said.....

**“Try the same when the engine is running”**

**N. Kani Mozhi**
